

## Tampilan Back Office Quinos System

## Panduan Membuat Discount di Quinos System

1. Klik Discount Maintenance
2. Klik New
3. Isikan Nama Discount
4. Pilih Percent untuk persentase Discount ( yang berarti Discount dalam bentuk **Persentase**, bukan **Nominal** )
5. Pilih Subtotal ( yang berarti Discount dari Subtotal )
6. Bila **Category, Department** atau Item diisi, maka Discount tersebut hanya berlaku pada **Category, Department** atau Item tersebut saja, namun bila kita kosongkan, maka semua Item yang ada dalam Bill/Receipt akan terkena Discount )
7. Klik Save

The screenshot shows the 'Discount Maintenance' window in the Quinos System. The interface includes a toolbar with buttons for 'New', 'Save', 'Delete', 'Refresh', 'OSK', and 'Close'. A search bar and a table of existing discounts are visible. The main form contains fields for 'Name', 'Code', 'Value', and 'Active' status. There are radio buttons for 'Percent(%)' and 'By Amount', and another set for 'Subtotal discount', 'Happy hour discount', and 'Item Discount (Selection)'. Below these are dropdown menus for 'Department1-4' and 'Category1-4', and input fields for 'item1-4'. Red circles and numbers 2 through 7 highlight the 'New' and 'Save' buttons, the 'Name' field, the 'Percent(%)' radio button, the 'Subtotal discount' radio button, the department and category dropdowns, and the item input fields.

Name	Code	Active
10 % Discount All		<input checked="" type="checkbox"/>
Discount 30 % Karyawan		<input checked="" type="checkbox"/>
Open Discount All		<input checked="" type="checkbox"/>
