Gambar 2. Tampilan Menu Order

The screenshot displays a restaurant floor plan interface. The layout includes a 'Stage' area on the left with tables numbered 5 to 15, an 'Office' area at the top right, and a 'Cashier' area at the bottom left. The main dining area contains various tables: VIP 1 (highlighted with a red circle), VIP 2, VIP 3, and VIP 4 (all large circles); tables X 1 through X 9 (all small rectangles); and a grid of tables numbered 1 through 43. A large green vertical bar on the right is labeled 'AULA'. A legend on the right side indicates table statuses: Available (green), Seated (pink), Ordered (yellow), and On Payment (blue). The highlighted VIP 1 table contains the following order details:

|              |
|--------------|
| <b>VIP 1</b> |
| Ord# 000026  |
| Cover: 2     |
| 22,500       |
| 0h 2m        |

At the bottom of the interface, there is a navigation bar with buttons for 'Refresh', 'View Mode', 'New TakeAway', 'New Tab', 'New Delivery', 'Manager', 'Utilities', and 'Logout'. The status bar at the very bottom shows 'Quinos POS', 'Quinos Administra... Administrator', 'localhost/db\_xing... ekocahyono(192.16... Feb 24, 2013 11:5...', and 'memory : 324/508 MB'.
